

## 2.4 GHz 9dBi Rubber Duck Antenna

---

### Specifications

| Model               | TXP-2400-RPSMA                              |
|---------------------|---------------------------------------------|
| Freq. Range         | 2400-2483.5 MHz                             |
| Bandwidth           | 83.5 MHz                                    |
| Gain                | 9 dBi                                       |
| V.S.W.R             | <2                                          |
| Nominal Impedance   | 50 ohm                                      |
| Polarization        | Vertical                                    |
| Max Power           | 50W                                         |
| Connector           | RP-SMA or RP-TNC or N<br>Male or Customized |
| Height              | 380                                         |
| Radome Material     | Plastic                                     |
| Antenna Color       | Black                                       |
| Working Temperature | -40° to 55°                                 |
