

**XYD50**

# Specifications

## XYD50

### Integrated Speaker and Siren

**Made of aluminum alloy high-strength housing**

**Light weight and corrosion-resistant**

**Small size**

**Sound compression level 119dB**

**Powered by 12V**

**Clear sound frequency**

**50-watt output**

**Amp draw: 1.3A**

**Independent siren tones for easy selection**

**Tones include: TOOL,WHOOP,HI-LO,HORN,WAIL,YELP,CONVERT WAIL**

**Combined all-in-one siren and speaker unit and light control functions**

**Can be used as an individual speaker only**

**Subsidiary speaker optional for additional output as a unit combo**

Dimension	φ110mm x 127mm
Voltage	DC12V
Current	1.3A
Sound compression level	119dB
Waterproof	IP67
Working temperature	-40℃~70℃
Siren tones	TOOL,WHOOP,HI-LO,HORN,WAIL,YELP,CONVERT WAIL
Weight	1.4KG
